
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.sheetmetal36.org. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Tier 1: \$600 person/\$1,800 family Tier 2: \$900 person/\$2,700 family Tier 3: \$2,250 person/ \$6,750 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care is covered before you meet your deductible . The deductible applies to all services, unless otherwise noted in the chart starting on page 2.	This plan covers some items and services before you meet the deductible amount but a copayment or coinsurance may apply. For example, this plan covers specific preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Durable Medical Equipment is subject to a separate individual/family deductible of \$600/\$1,800 for Tier 1, \$900/\$2,700 for Tier 2 and \$2,250/\$6,750 for Tier 3.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	Tier 1: \$4,000 person/ \$8,000 family Tier 2: \$4,000 person/ \$8,000 family Prescription: \$2,850 person/\$5,700 family In-Network Specialty Drugs: \$500 person	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Vision and dental services, premiums , balance-billing charges, and services this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.cmrnetwork.com or call 314-652-8175 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	This plan will pay some or all of the costs to see a specialist for covered services and you can see the specialist without permission from this plan .
