September 12, 2016

Dear Member,

We have enclosed your 401K statement for 2015. Please review the contributions that our office received on your behalf for the 2015 calendar year. It is very important to verify that the contributions are accurate. For mandatory contributions the amount received would be .50 for every hour reported to our office. It is also very important that if you elected to have voluntary contributions deducted from your pay check that all of those contributions were received. The voluntary contributions on your statement should match your 2015 W-2 that you received from your contractors. If these amounts do not match please contact our office as soon as possible so we can investigate and get the contributions collected. In the future you will get these statements on an annual basis and much earlier in the year. You can also go to the benefit fund website and check your hours reported and contributions received by our office on a monthly basis. Please don't hesitate to call our office if you feel that there is a discrepancy. The benefit fund website is www.smw36benefits.org. Sign in to your account and click on the dashboard to get information for each fund.

Respectfully,

The Benefit Fund Staff
