Dear Treating Physician,

The member listed above recently applied for a disability pension through our Pension Plan. I have attached a questionnaire for you to fill out to help us determine if he is eligible. Sheet Metal Workers Local 36 is a member of the St. Louis Building Trades Council which does not provide for light duty work. To be considered "totally and permanently disabled," the Trustees must determine on the basis of medical or similar evidence that a member is unable to engage in any employment or occupation in the Sheet Metal Trade for remuneration or profit, and that the disability will be permanent and continuous for the remainder of the member's life.

Thank you for your assistance, if you need any additional information, please contact our office.

Sincerely,

Buffi Gass
